

# My School Day

Mein Kind  
kommt in  
die Schule

The pictures on the poster represent a typical day for elementary school pupils in the form of a comic. The pictures don't tell the whole story. What they do show is that the school day begins at home and ends at home. Parents play a very important role. For further explanation of the poster visit [www.mk.niedersachsen.de](http://www.mk.niedersachsen.de).
